Went to Grossmont College, played football, left school to go into US Army to find myself. I was sent to Officer Candidate School and found my calling for leadership. Attended Special Forces School, Airborne School, Ranger School and then sent to Panama. I met my life long partner, Rose Jackson, eventually had 3 children;- 2 boys and a girl. They have given us 6 grandkids and I'm still married to Rose, 46 years later. I served in Viet Nam in 1968 and 1969. Returned to US and Uncle Sam sent me to Univ. of Nebraska for undergrad school and the Univ. of Georgia for grad school. After my military career, I entered the restaurant corporate world and had a second successful career, until my final and full retirement in 2011. We had a beautiful home in Florida but retired to Texas to be near the kids and grandkids. So here I am in Sugarland, Texas.
