I attended Grossmont College and worked for a couple of years before leaving to serve a 30-month mission for the LDS Church in Norway. In 1970 Barbara Adams (Crawford Class of 66) and I married. We lived in La Mesa and later near SDSU. I started my career as a life insurance salesman in 1975 and moved to Fungus Corners (Everett, WA) in 1980 with one of my companies to start an agency here. We have a son and his family nearby and enjoy living in the northwest though most of our family still lives in or near San Diego. The Ek kids started at Helix in 1959 and the last one of the eight graduated in 1984.
