Dave and Sheri started dating during our senior year at Helix and were married in 1967. Dave graduated from SDSU with a BSEE and worked for 33 years for the Naval Aviation Depot North Island retiring as the F/A-18 Avionics Team Lead. Sheri attended SDSU and worked for ATT for three years. After the kids were older, Sheri worked at Helix for 11 years as health clerk and counseling secretary. She also worked for the Grossmont District for 7 years coordinating students and teachers in the Home Choice program. We have a daughter (1969) and son (1972) both of whom are married and live close by. We have six grandchildren, four of which live in Temecula where we moved in 1999. It is delightful to see our grandkids several times a week especially the three year old. Since Dave's retirement in 2001, we have had the opportunity to travel the world. This summer included a Russian river trip, a tour of Cappadocia, Turkey with a 90 minute hot air balloon ride, and a third trip to Kenya. We work at an orphanage and school our church supports in Nakuru, Kenya. Dave also helped build a missionary home in a remote region of Angola in 2009. Sheri has enjoyed teaching women's Bible studies and works with women's ministries. We have enjoyed the breakfast meetings with other Helix grads and look forward to many more years of friendship.
