I was lucky enough to be born into this window of history, in La Mesa, CA. I lived in Detroit Mich. K-6 and returned to Lemon Grove in 1958 and was fortunate to attend Helix. Through the years I learned many lessons: Mr. Munson used friendly numbers, Mr. Cox ran a good auto shop, Hazel Bowl was cool, college is not the best choice for everyone, social engineering takes a back seat to hard work and opportunity, and Charlie Kahn was a longtime friend. When I graduated all I wanted was a good job, a fast car and wild woman; that lasted about 10 years then play it again with ski boats. Just before I turned 40 my wife (now ex-wife) and I had 2 boys, and a different focus in my life became fun. Our current goal is to finish our Thanksgiving early morning hike from Seaport Village to the Colorado River. I worked auto parts 2.5 years, was a mechanic at Bob Stall Chevrolet 10 years, had a Texaco Station 2.5 years, back to Bob Stall's for 11 years, then to R.E. Hazard as teamster mechanic in 1989 and Shop Superintendent in 2008. I hope to work a few more years, enjoying all the things to do in San Diego County.
