I married my husband Bob (Crawford 63') in 1966. We have two children, Deb and Rob. We are proud grandparents to Lauren (15) and Tommy (12). We have lived the majority of these past 50 years in Fletcher Hills and Mt. Helix.

As a young mother I stayed home and raised our kids. In my middle years I joined the workforce. This chapter of my life started with selling real estate which led to working in the banking field. My final 10 years were spent as a Manager for an insurance company. I retired in 2006.

Now a days, it's off to the gym, coffee at Starbucks with friends, riding bikes at the beach (Coronado is our favorite), watching the grandkids in their many sport activities, shopping, dining out (too much of that!!), and traveling when possible. Most special is the time spent with family and good friends.
