After graduating from Helix High I attended the summer session at SDSU and the following year met my husband at SDSU. We were married in 1966 and spend four years living in Georgia, Virginia, Kentucky and back to San Diego. We have three wonderful sons (Scott, age 48, Eric, age 46, and Josh, age 41). They have blessed us with 11 grandchildren. After 21 years we divorced and I moved to Nevada City and then to San Francisco before returning to San Diego. In 1998 I married Randy Gruben in San Diego. He has two grown daughters (ages 33 and 34) and together we have 15 grandchildren ranging from 24 to 4. We moved to Santa Fe, New Mexico for four years and then to Orange County. After a few years of restaurant management positions, I found my true calling in the financial industry as a compliance officer for 30 years. I retired in February 2014 from Jacko Law Group/Core Compliance & Legal Services as a senior compliance consultant. In May of this year Randy and I decided to leave the craziness of Orange County and retired to Bear Valley Springs, a Tehachapi Mountain community. My youngest son, Josh, lives here with his family. Retirement hasn't slowed us down as we have just returned from our third trip to South Korea to visit with family. I enjoy traveling, reading, gardening, quilting, felting and mixed media art. I have maintained a 53-year friendship with Helix alum Linda Newton who I consider a "sister". I am looking for to seeing everyone at the upcoming reunion. It really hasn't been 50 years...has it?!
