After graduation I went to San Diego State for 1 ½ yrs. Moved downtown and then to Point Loma when I started working at NTC. Promoted to Naval Station where I worked for Waterfront Operations; then became supervisor of the Navy Motion Picture Exchange. We provided entertainment films **for** the West Coast, Pacific based ships, & naval and marine bases in California. It was rough work having to watch all those films. When the Navy converted to VHS tapes I became the Random Drug Testing person and investigated EEO complaints. I retired with almost 30 years service at 49. Worked part-time for a while and then completely retired. I do all my working now for Beta Sigma Phi, an international women's organization. In 2013, I was State Philanthropic Chairman and the California members contributed over \$163,000 to Stanford Kidney Research, Lupus Foundation, Cystic Fibrosis, and Scleroderma Foundation. It was a real honor and sense of satisfaction in making a difference.

I have had several relationships over the years but transfers and cancer had their effects. My daughter Lara has three sons. Blake and Jared live here in San Diego. Drew lives in Missouri and has 2 children (1 Great-granddaughter and 1 Great-grandson). I wish they lived closer.
