After graduating from Helix, I went on to San Diego State. I took a job teaching elementary school for Torrance School District after graduating in 1968. I taught first grade for 2 years but then I re-established a relationship with Steve Rusk, my good friend from Helix. I decided to return to La Mesa and we became more than friends! We married in 1971 in Las Vegas. We had three beautiful daughters and lived happily in the San Diego area until Steve passed away in 1990. My daughters and I continued to reside in Casa de Oro, where I still live. I taught elementary school in Lemon Grove School District until my retirement in 2009. I have five grandchildren. My oldest daughter lives in Everett, WA with her husband and 4year old son. My second daughter has two children and she lives with me. My youngest daughter also has two children and lives in La Mesa in my childhood home. I do lots of babysitting and enjoy traveling and volunteer ushering at plays and concerts. I also continue to volunteer at my grankids' schools.
