After graduating from San Diego State, I taught a year in the S.D. City School District. In 1970 I married the love of my life, Scott Hawke (class of 1960). We moved to Riverside, CA for a year where Scott was finishing his PhD in Biology and I taught kindergarten in San Bernardino City Schools. In 1971 we moved to Salem, OR where Scott accepted a Biology professor position at Willamette University and I taught both first and second grades. In 1974 and '77, our daughter and son were born. I resumed teaching in 1987 and retired in 2010. We liked to camp when the children were young, but since 1990 we've had a vacation home in the Cascade Mountains of Oregon. When we retired, we left Salem and purchased another home in AZ. We are now "snowbirds" (year round "summer" weather) living in both Black Butte Ranch, OR and Anthem, AZ. Both of our amazing children are college grads and married. Heather is in the tech field living in the San Francisco area and Corey is in the health field in Scottsdale. We have an adorable two year old granddaughter, and another grandchild due in February. We hope to have more grandchildren in the next few years. We have enjoyed traveling to Hawaii, Mexico, Canada, Australia twice, New Zealand, and parts of western Europe with more traveling adventures to come (Costa Rica this winter). Life has been good. I feel very fortunate and blessed for my family, friends, and wonderful experiences.

I only attended the 10th reunion, so I am truly excited and looking forward to our 50th.
