After high school I attended one year at Westmont College in Santa Barbara and two years at San Diego State University. I made the decision at that point to attend a tech school in San Diego for Dental Assisting and began working as a Dental Receptionist and Assistant. I was married in 1967 (divorced in 1995), and had two beautiful daughters (Laura Christine & Rebecca Danielle). I now have 6 wonderful and amazing grandchildren. I have had a variety of jobs throughout my adult years, including working at several different dental offices in San Diego and Long Beach. But in 1998 I was fortunate enough to fulfill my childhood dream of working for the San Diego Zoo. I was a Reservation Sales Representative in the Marketing department until 2004, and loved every minute! In addition I have spent many years training and showing Shetland Sheepdogs in Conformation, Obedience, Agility, and sheep herding. I left the Zoo in 2004 to care for my elderly father in Charlottesville, VA until his passing in November of 2007. From there I moved to Kentucky where I lived for 6 years and worked as a church secretary in downtown Lexington. In August of last year I moved here to Tennessee to be with my daughter Laurie and her family. I try to get out to California whenever I can to visit with my other daughter Becky and her family.
