RE: Stephen Newton, Class of '64.

I graduated from La Mesa Jr. High, so many of my 8th grade friends went to Helix. I went to Grossmont, class of 1961. My main reason for leaving this message is in memory of my brother, Stephen Newton, class of 1964. He was the pipe major for the Helix Highlanders bagpipe band. Tall, dark-haired and handsome, I will always remember the first time my heart swelled with pride when I saw him leading your wonderful pipers. He graduated from Cal Poly, San Luis Obispo with a degree in Biological sciences. Stephen became a Canadian citizen in 1980, distinguished himself as a master craftsman outfitting yachts, sailed the South Pacific with his wife for a year, continued his lifetime quest into the mysteries of the human spirit, and spent a lot of time in his beloved outdoors. He passed away suddenly and totally unexpectedly in 1998 on Hornby Island, B.C., only 50 years old. Thought any of you
